

AXMC

MULTI CALIBRE RIFLE SYSTEM

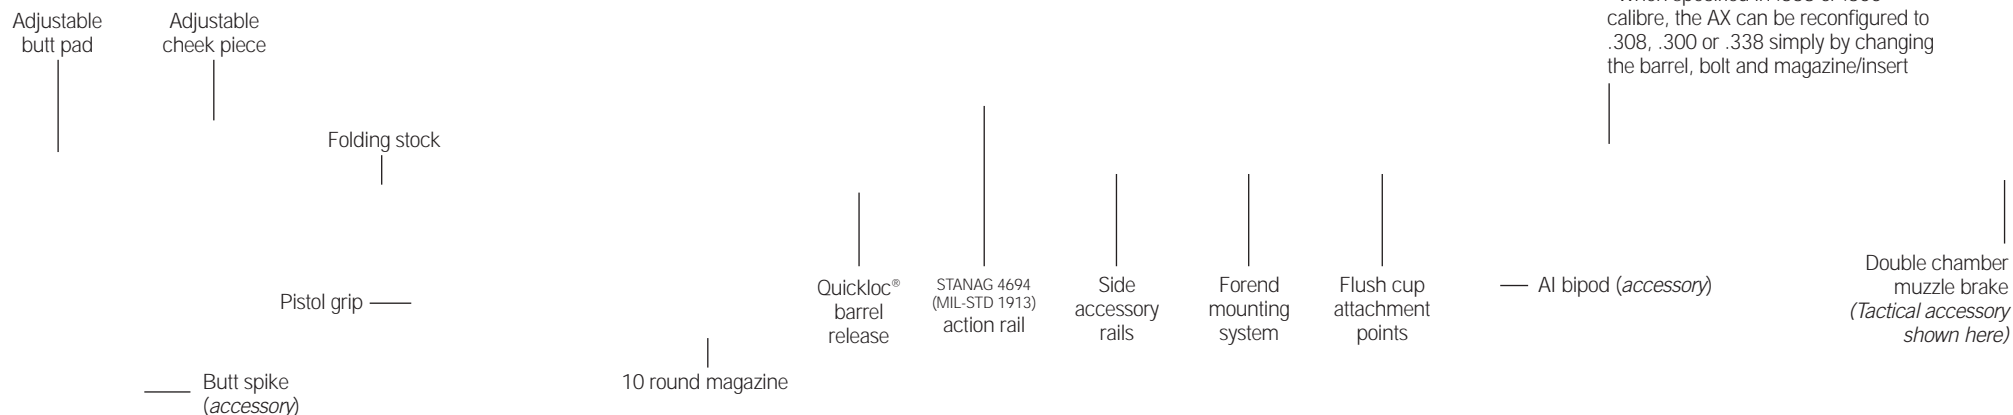

MULTI CALIBRE RIFLE SYSTEM

| Calibre | Barrel options | Colour | | |
|---------------|----------------------------------|------------|-------|-------|
| .308 Win | 16" suppressed / 20" / 24" / 26" | Pale brown | Green | Black |
| .300 Win Mag* | 20" / 24" / 26" | | | |
| .338 Lap Mag* | 20" / 27" | | | |

*When specified in .338 or .300 calibre, the AX can be reconfigured to .308, .300 or .338 simply by changing the barrel, bolt and magazine/insert

The latest in a long and distinguished line of combat proven Accuracy International sniper rifles, the new AX series comprises the multi calibre AXMC, a .338 Lap Mag which can be reconfigured to .300 Win Mag or .308 Win in minutes simply by changing the barrel, bolt and magazine/insert and the stand-alone AX308 (.308 Win).

Innovative features include the stock which folds to encase the bolt, a side aperture for changing the 10 round magazine without disturbing the weapon, quick change barrels and a forend rail mounting system.

Accessories include a butt spike, iron sights, flush cup sling, suppressor, additional mounts and rails, scopes, night vision equipment and transit case.
